Proposal No.	Article or Bylaw	Proposal	Intent	Rationale / Gender Equity Impact/ Fiscal Impact	Decision
P-1 Mgmt Council Originator: Dan Smith \$	Article 1.5.5	<u>1.5.5 No COA member institution shall be allowed to participate in any sport unless all of its sport teams are under COA jurisdiction. This only applies to sports sponsored by the COA as listed in Bylaw 3.11 of the COA Constitution.</u>	This should especially benefit developing sports, since it would no longer give the member institution the option of participating out of state and avoiding competition with COA teams. It will also make conference scheduling more efficient since all sports from member institutions will be scheduled within the conference and none out of state.	One COA member institution has already been allowed to participate in the National Junior College Organization in a sport with limited COA participation. Others may try to do the same. This is an inappropriate precedent to set. <u>Fiscal Impact:</u> This should have a positive effect on college budgets because it would require more instate competitions and limit the amount of out-of-state competition, which tends to be more expensive.	1 st Read
P-2 COA Board Originator: Jan Kehoe FT	Article 2.3.7	<u>2.3.7 Continued membership on the COA Board is reviewed annually by the Board. Lack of participation or attendance may lead to a release from duties. It is required that the chair of the COA Board be notified if a member is unable to attend a meeting. After two (2) absences in one (1) year, the COA Board will evaluate the continued tenure of the individual and notify the conference commissioner to determine with a recommendation on the continued terms of the individual. The recommendation will automatically take effect unless the conference affected takes action to reverse it by contacting the conference commissioner to request reconsideration within 30 days.</u>	To place the responsibility for determining whether absences from the Board meetings are detrimental to a conference’s representation in Board discussions or whether they have reason to be excused. It also places responsibility on the COA Board for reporting its recommendation to the conference commissioner.	This makes the CEO’s peers responsible for recommendation of termination or continued tenure rather than placing the subordinates of the CEO in the position of having to take initial steps to recommend termination of their institutional superiors. It also gives the conference the opportunity to accept or reverse the Board recommendation if the conference representatives believe the recommendation is not in the best interest of the conference.	1 st Read

<p>P-3</p> <p>CCCADA Originator: Jean Snuggs</p> <p>\$</p>	<p>Bylaw</p> <p>2.5.2 & 2.5.3</p>	<p><u>2.5.2</u> Upon written request from the district’s chief executive officer to the Executive Director, a district may be granted a waiver to the restriction against out-of-state recruiting, if the Executive Director verifies that the district’s fall enrollment (head count) in the most recently completed academic year was 5000 or less, AND</p> <p>A. The number of high schools which offer athletic programs in the district’s recruiting area is less than the statewide average of high schools per recruiting area, OR</p> <p>B. The district shares a geographic boundary with another state.</p> <p><u>2.5.2.1</u> <u>The waiver request must include a listing of states, portions of states or countries which are being requested as that district’s expanded recruiting area.</u></p> <p>2.5.3 Upon verification of the data, the Executive Director will make a recommendation to the COA Board, which may grant a waiver of the out-of-state recruiting prohibition. <u>The recommendation shall define the recruiting area for the district.</u></p>	<p>The current regulation allows a district with a waiver of the out-of-state recruiting prohibition to establish first contact with recruits residing anywhere in the world; this certainly can lead to an ‘unlevel’ playing field relative to the numbers and caliber of the pool of potential athletes.</p>	<p>Districts without a waiver of the out-of-state recruiting prohibition have a defined geographical area in which they can make first contact when recruiting. It is an unfair recruiting advantage to those with a waiver to have the opportunity to make first contact with athletes any where in the world.</p> <p><u>Fiscal Impact:</u></p> <p>One would have to expect the districts affected to realize savings in recruiting expenses such as travel, communication, and time costs.</p>	<p>Tabled</p>
<p>P-4</p> <p>COA Festival Advisory Cte Originator: Susan Yates</p> <p>E</p>	<p>Bylaw</p> <p>8.1.3.11.3.A</p>	<p>8.1.3.11.3.A. Traveling teams shall be reimbursed the actual cost of lodging or \$15.00 (including tax) per approved night, per person in the defined party; whichever is the least amount. <u>Traveling teams shall be required to use the official host headquarter hotel(s) identified for the event by the host site and/or event manager for overnight lodging. Traveling teams shall forfeit lodging reimbursement for failure to utilize approved headquarter hotel(s) identified by the host site and/or event manager, unless other lodging is approved in advance of the event by the COA executive director.</u></p>	<p>The policy minimizes the possibility of attrition penalties imposed by hotel contracts signed by event managers hosting COA event(s) and requires a commitment of participating teams to utilize the approved hotels designated for the COA event. The policy enables event managers to be more effective in planning lodging commitments with hotels being utilized for the COA event.</p>	<p>The COA Fall Festival (and Spring festival in 2007) represents a partnership with the hosting region and the required development of rooms contracts at multiple properties selected to host participating teams. The lodging contracts at official host hotels represent a major element of the partnership and obligate event managers to ensure that minimum room nights are met and/or exceeded at official host hotels to avoid attrition penalties outlined in those lodging contracts.</p>	<p>Passed</p>
